according to 1907/2006/EC, Article 31

Version 2

SECTION 1: Identification of the substance/mixture and of the company/untertaking

#### 1.1. Product identifier

Trade name: Pure Portland Cement® Med-PZ

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

- Application of the substance / the mixture: root canal filling material
- Uses advised against: no further relevant information available

#### 1.3. Details of the supplier of the safety data sheet:

Address:

Medcem GmbH Bahnhofstrasse 12 CH-8570 Weinfelden Switzerland Tel.: +41 71 620 04 21 Fax: +41 71 620 04 22 Email: info@medcem.ch

Further information obtainable from: Dr. med. dent. Richard Steffen, Rathausstrasse 39, CH-8570 Weinfelden, info@medcem.ch

#### 1.4. Emergency telephone number:

+41 71 620 04 21 8 :00 - 18 :00 (GMT + 1.00)

# SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

Classification according to regulation (EC) Nr. 1272/2008

- Skin Irrit. 2 H315 Causes skin irritation
- Eye Dam. 1 H318 Causes serious eye damage
- Skin Sens. 1 H317 May cause an allergic skin reaction

# 2.2. Label elements

Labelling according to Regulation (EC) Nr. 1272/2008

As this product is a medical device in the meaning of Directive 93/42/EEC and intended for use by the end consumer and is applied in an invasive manner or body contact, it is exempt from the labelling requirements according ro regulation 1272/2008.

The product is classified and labelled according to the CLP regulation.

Version 2

Hazard pictograms

- Signal word: Danger
- Hazard-determining components of labelling: Portland Cement (<1% Quarz)</li>
- Hazard statements

H315 Causes skin irritation H318 Causes serious eye damage H317 May cause an allergic skin reaction

• Precautionary statements

P261	Avoid breathing dust/fume/gas/vapours/spray.	
P280	Wear protective gloves/protective clothing/eye protection/face	
	protection.	
P305+P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove	
	contact lenses, if present and easy to do. Continue rinsing.	
P310	Immediately call a POISON CENTER/doctor.	
P333+P313	If skin irritation or rash occurs: get medical advice/attention.	
P501	Dispose of contents/container in accordance with	
	local/regional/national/international regulations.	

### 2.3. Other hazards:

Results of PBT and vPvB assessment

PBT: Not applicable vPvB: Not applicable

# SECTION 3: Composition/information on ingredients

# 3.1. Substances

 Dangerous components

 CAS Nr.:
 65997-15-1 Gypsum: <4%)</td>
 Hydraulic silicate cement according to EN 197-1 (Carrier of sulphur, Gypsum: <4%)</td>

 EINECS Nr.:
 266-043-4

 Classification
 according to Regulation (EC) Nr. 1272/2008)

 Image: Skin Irrit. 2
 H318
 Causes serious irritation

 Skin Irrit. 2
 H315
 Causes skin irritation

 Skin Sens. 1
 H317
 May cause an allergic skin reaction

Version 2

### SECTION 4: First aid measures

#### 4.1. Description of first aid measures

- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact: Immediately wash with water and soap and rinse thoroughly. If skin irriation continues, consult a doctor.
- After eye contact: Rinse opened eye for several minutes under running water. If symptoms
  persist, consult a doctor.
- After swallowing: Rinse out mouth and then drink plenty of water. If symptoms persist consult doctor.

# 4.2. Most important symptoms and effects, both acute and delayed:

No further relevant information available.

Information for doctor: No further relevant information available.

### 4.3. Indication of any immediate medical attention and special treatment needed

No further relevant information available.

#### SECTION 5: Firefighting measures

### 5.1. Extinguishing media

Suitable extinguishing agents:

- CO<sub>2</sub>, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
- For safety reasons unsuitable extinguishing agents: Water with full jet.

#### 5.2. Special hazards arising from the substance or mixture:

No further relevant information available.

### 5.3. Advice for firefighters

Protective equipment: No special measures required.

#### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

Avoid formation of dust. Wear protective equipment. Keep unprotected persons away.

#### 6.2. Environmental precautions

Do not allow to enter sewers/surface or ground water.

#### 6.3. Methods and material for containment and cleaning up

Pick up mechanically.

überarbeitet am 30.1.2016

according to 1907/2006/EC, Article 31 Version 2

#### 6.4. Reference to other sections

See section 7 for information on safe handling. See section 8 for information on personal protection equipment. See section 13 for disposal information.

# SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

Observe normal care for working with chemical. Prevent formation of dust. Handling: Product is intended for dental use only. Information about fire- and explosion protection: No special measures required.

#### 7.2. Conditions for safe storage, including any incompatibilities

Storage requirements to be met by storerooms and receptacles: Store only in the orginal receptable. Information about storage in one common storage facility: Not required Further information about storage conditions: Store in cool, dry conditions in well sealed receptacles.

#### 7.3. Specific end use(s)

No further relevant information available

#### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

Ingredients with limit values that require monitoring at the workplace:

- 65997-15-1 Hydraulic silicate cement (Carrier of sulphur, Gypsum: <4%)</li>
- WEL Long-term value: 10\* 4\*\* e mg/m3 \*\*respirable dust
  - \* inhalable dust

Additional information: the lists vaild during the making were used as basis

#### 8.2. Exposure controls:

- Personal protective equipment
- General protective and hygienic measures
  - The usual precautionary measures are to be adhered to when handling chemicals.
  - Keep away from foodstuffs, beverages and feed.
- Wash hands before breaks and at the end of the work.
- Respiratory protection: Not necessary if room is well-ventilated.
- Protection of hands: the glove material has to be impermeable and resistant to the product/ the substance/the preparation. Due to missing tests no recommendation to the glove material can be given to the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation.

• Materials of gloves: The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. The resistance of the glove material has to be checked prior to the application.

überarbeitet am 30.1.2016

Seite 4 von 8

according to 1907/2006/EC, Article 31 Version 2

- Penetration time of glove material: The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.
- Body protection: Protective work clothing
- Eye protection:

Tightly sealed goggles.

# SECTION 9: Physical and chemical properties

9.2. Other information:	•	Solids content:	100%	

No further relevant information available

# SECTION 10: Stability and reactivity

10.1. Reactivity: No further relevant information available

überarbeitet am 30.1.2016

Seite 5 von 8

according to 1907/2006/EC, Article 31 Version 2

#### 10.2. Chemical stability

Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.

10.3. Possibility of hazardous reactions: No dangerous reactions known.

10.4. Conditions to avoid: No further relevant information available.

10.5. Incompatible materials: No further relevant information available.

10.6. Hazardous decomposition products: No dangerous decomposition products known.

# SECTION 11: Toxicological information

#### 11.1. Informations on toxicological effects

Acute toxicity:

Primary irritant effect:

- on the skin: irritant to skin and mucous membranes
- on the eye: strong caustic effect
- Sensitisation: Sensititation possible through skin contact

#### SECTION 12: Ecological information

# 12.1. Toxicity

Aquatic toxicity: No further relevant information available.

12.2. Persistence and degradability: No further relevant information available.

12.3. Bioaccumulative potential: No further relevant information available .

**12.4. Mobility in soil:** No further relevant information available.

Additional ecological information :

General notes : Do not allow product to reach ground water, water course or sewage system.

#### 12.5. Results of PBT and vPvB assessment:

- PBT: Not applicable
- vPvB: Not applicable

12.6. Other adverse effects: No further relevant information available.

# SECTION 13: Disposable considerations

# 13.1. Waste treatment methods

Recommendation:

überarbeitet am 30.1.2016

Seite 6 von 8

according to 1907/2006/EC, Article 31

Version 2

European waste cataloque:

18 01 06\* Chemicals consisting of or containing dangerous substances.

#### Uncleaned packaging:

Recommendation: Disposal must be made according to official regulations.

void

#### SECTION 14: Transport information

#### 14.1. UN-Number

- ADR, IMDG, IATA void
- 14.2. UN proper shipping name
- ADR, IMDG, IATA void

### 14.3. Transport hazard class(es)

- ADR, IMDG, IATA

# 14.4. Packing group

Class

ADR, IMDG, IATA void

### 14.5. Environmental hazards

- Marine pollutant: No
- 14.6. Special precautions for user: Not applicable
- 14.7. Transport in bulk according to Annex II of Marpol 73/78 and the IBC Code: Not applicable

UN "Model Regulation":

# SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific of the substance or mixture: No further relevant information available.

15.2. Chemical safety assessment: A chemical Safety Assessment has not been carried out.

#### SECTION 16: Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.

The attached safety data sheet covers the dangers and measures to be taken when large quantities of material are released, for example due to accidents during transport or storage by the dealer.

For quantities of material typically used in clinical practice, information necessary for safe use and storage the product is given in the DFU.

### **Relevant phrases**

- H315 Causes skin irritation.
- H317 May cause an allergic skin reaction
- H318 Causes serious eye damage
